

Zakopane, August 27, 2018

**Prof. Krzysztof Rusek**  
**Director of SLCJ**  
**Warszawa**

Dear Krzysztof,

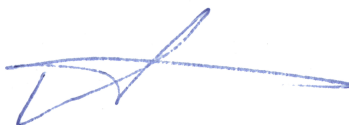

We are deeply sorry to hear that a distinguished Polish scientist, our colleague and friend Professor Jerzy Jastrzębski has passed away.

On behalf of NuPECC, French nuclear physics community and myself I would like to express our deepest sadness after this big loss for Polish and European scientific community. Among many important duties in his scientific career, Jerzy was also for several years the Polish representative in NuPECC adding his great contribution to the European nuclear physics. Jerzy was one of the initiators and, up to the end, the very active actor of Polish – French collaboration in our field. Jerzy was also my friend and collaborator.

We will honour his memory.

Please convey our condolences to the Jerzy's family and colleagues in Warsaw.

Sincerely yours,

Prof. Marek Lewitowicz  
NuPECC Chair

PS. Please find below condolences from individual NuPECC members received today.
